Illinois CHAPTER

Dear Prospective Supporter:

The Illinois Chapter of the American College of Cardiology is pleased to announce an opportunity to support the practice of cardiovascular medicine in our state. Our annual chapter conference features discussions on challenges facing cardiology practices and the impact on cardiologists, cardiovascular practice administrators, hospital administrators, payers and patients. This year we are specifically discussing how cardiologists can optimize patient care in a changing healthcare environment. Presenters will include prominent cardiovascular specialists from across the state who will meet to discuss innovative solutions to many patient care issues facing cardiologists.

We would like to invite you to assist us in supporting this meeting and to display in our reception hall. This year due to overwhelming requests, we will be holding a vendor fair during the program so attendees have the opportunity to learn more about all participating vendors. The meeting will give you the opportunity to closely interact with cardiovascular physicians from across Illinois as well as nurses, practice administrators, allied health personnel, and cardiovascular fellows.

The program and supporters will be posted on the IL-ACC website (www.ilacc.org) for additional visibility and linkage between your company and the ACC Illinois chapter.

We are suggesting supporting at any of four levels: \$10,000 (Platinum), \$7,500 (Sustaining), \$5,000 (Benefactor), \$2,500 (Supporter) for the conduct of this educational program. We also have exhibit tables available in the registration area for \$2,000. We appreciate your consideration of this invitation and look forward to seeing you at the upcoming conference. Please feel free to contact us with any questions or suggestions: Andy Shelp at 847-977-6153, andys@ilacc.org. Our Tax ID number is: 36-37407444.

You will find our formal program on the website for your review. We welcome your participation in the program, for it will be an event of superb education.

Sincerely,

Jerome Hines, M.D., Ph.D., F.A.C.C.
